

STUDENT LEARNING OUTCOMES

Based upon QSEN and NLN Competencies (2014)

Upon completion of the program, the graduate nurse will:

1. **(Evidence-Based Practice)** Utilize best current evidence with clinical expertise and patient preferences to make nursing practice decisions.
2. **(Nursing Judgement)** Be accountable for decisions and actions performed in the provision of safe, quality nursing care.
3. **(Safety)** Minimize risks of patients through effective use of technology and standardized practices that support safety and quality.
4. **(Teamwork)** Collaborate and communicate with healthcare team to achieve quality patient care.
5. **(Patient-Centered Care)** Ensure the patient is involved in decision-making and understands the plan of care based on respect for patient's preferences values and needs.
